To whom It May Concern:

It gives me great pleasure to write this letter of reference for Mr. Daniel Jordan on behalf of your team at Domino's Pizza. We have used his services twice in only two months, and his team has proven to be very reliable. His team shows an exceptional eye for detail in both the estimating and planning stages. In particular his ability to make recommendations that can help us save money is well appreciated. We are most certainly going to use his services again in the near future for our new stores, both in tiling and general carpentry and renovations. If you need any further reference regarding Daniel Renovation Plus, please do not hesitate to call me directly at 514-484-9177.

Sincerely,

Brian Talar
